

SA Application for Home Education Year 10, 2006

I have enclosed all I presented for H in Year Ten. H showed her folder of work which she had arranged beautifully but the woman who came only commented to the effect that "isn't it marvelous what you can download from the internet" when I smilingly stated that H was not permitted on the internet unsupervised and that this was all her own work she stopped showing any interest at all. I don't usually fill out their form, just hand write them a letter. It works for us.

H Course for 2006 Year 10
